

Literacy

Our key texts this half term are 'Owl Babies' and 'Goldilocks and the Three Bears.' We will be encouraging children to listen carefully and to join in by repeating key words and phrases.

My Wonderful World and Me

Numeracy

We will be engaging in lots of number songs to help children recite number names in sequence and number games to encourage counting skills.

PSED

During this half term, the focus will be helping our children to settle. The children will be taught about the basic routines and procedures of their environment in order to increase self-confidence and independency skills. The children will learn how to be a good friend as we will help children to accept the needs of others, to take turns and to share resources cooperatively.

Communication & language

Through regular talk time activities, we will help your child increase their vocabulary range and encourage children to use these words in sentences in order to help children express their needs and feelings confidently. We will be encouraging the use of careful listening ears whilst listening to others speak.

Nursery: Autumn 1/2019

Teachers: Mrs Streets & Mrs Taylor

Teaching Assistant: Mrs Haywood

Expressive Arts & Design

We will be exploring the sounds of musical instruments and how they can be changed. Tapping out simple repeated rhythms and moving in response to music.

Understanding of the world

We will be helping your child to remember where things belong in nursery and to learn that they have similarities and differences that connect them and distinguish them from their friends.

Physical Development

This half term we are focusing on gross motor development. We will be going into the hall or MUGGA to develop an awareness of space, coordination and movement.

We will be reading

'Happy Birthday Maisie' by Lucy Cousins to learn about the habit of being

joyful

Reminder

Inset day Friday 27th
September
