HOLA

BONJOUR

GUTEN TAG

HELLO

Do you know what it feels like to have the wind blowing through your hair as you're tucking into your tasty fish and chips at the beach? Have a best friend on the other side of the world? Watch stones bounce across the sparkling surface of a lake? No?

Well, now is your opportunity to do all of this... and more! Buckle up as you're about to embark on a truly magnificent journey through cultural capital!

Cultural capital is absolutely everywhere in our world: in our own house, our town/city, across the nation and even across the globe. In order to embrace cultural capital, all you need is the urge, the impulse and desire to find out more.

Once you have sparked your curiosity, you will be able to learn more about yourself, who you are as a person and where you feel like you belong. Along your journey, you will accumulate all sorts of knowledge, skills and new behaviours that will help you to become more culturally aware.

Why do you need to be culturally aware? This is the key ingredient to help achieve your goals and to become successful in the future - whether in your career or in society.

It will help you become the well-rounded citizen you have always aspired to be. Cultural capital is a real super power to have!

Get ready to enrich your life and create great memories with your friends and family that will last a lifetime. Grab your cultural capital passport, journey through the 50 activities of none-stop fun and laughter to help you live your childhood to the fullest.

Good luck!
