

A Message from Mrs Smith and Mr Walsh

Good afternoon,

What an amazing week it has been. Sports days were a huge success across all year groups. It was fantastic to see so many families turn up to support the children in a positive manner. We also want to say a big thank you to all the Year 4, 5 and 6 sports leaders who helped run the events.

Next week, many of our Year 6 students have their transition days for secondary school. We hope they go brilliantly.

Have a great weekend!
Mrs Smith and Mr Walsh

Safeguarding Update

On The Beach Holiday Campaign

With the summer holidays approaching, the Royal Lifesaving Society is backing a new campaign, On The Beach Holidays, to help more families enjoy water safely this summer. On The Beach Holidays is highlighting the benefits of children wearing brightly coloured swimwear.

Research by The Holiday Campaign revealed that 2 in 3 children wear blue, white or grey swimwear, making them harder to spot underwater (see below). By changing to bright colours, you can help ensure your child is easier to spot when submerged, making it even easier to keep children under constant supervision when playing and swimming in water.

Weekly learning update.....

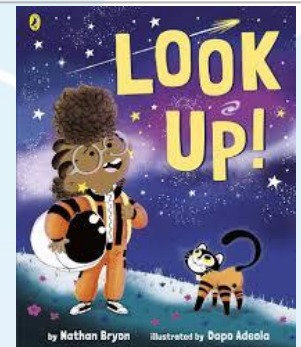

In Nursery this week we have enjoyed imagining we were at the seaside. We have been building sandcastles, relaxing in the sunshine, playing with boats in the water, sharing a picnic with our friends and ordering ice cream from our shop. We have been talking about our own experiences of the seaside

In RCH Herries, we have adapted amazingly to our new timetable to get us ready for Y1. We have done so well with using Showbie for our maths learning. We also had the best time at sports day, we really enjoyed the running races.

In RJH Crowder we have been exploring a story called "Look Up" in our English learning. The main character is called Rocket and she loves looking at the stars and dreams of becoming an astronaut. We have talked a little bit about being hopeful and having wishes and dreams of our own.

We have had a fantastic week in Y1 Barrie! We all did super well in our sports day on Monday! We have had a lovely class discussion during our PD lesson on the 9 habits, and how we can portray these! I was so impressed with the children's engagement and participation in this.

This week in Y1CF we have had a super week and have been busy-bees! We had an exciting day Monday, showing our determination during Sports Day. In our learning, we have been looking at a non-fiction text. Our new text, reading upon seaside towns in the UK has tested our retrieval skills to find out interesting facts! We have also wrote a narrative on our topic 'Song of the Sea', trying to add onamaterpier! Well done on a fabulous week!

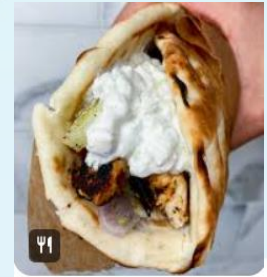

Weekly learning update.....

This week in year 2 Raisen has been a wonderful week. The children took part in their sports day and completed lots of different sporting activities as well as different competitive races. The children this week have also had a special visitor from Sumdog and have had an exciting DT lesson where they completed a cooking class and made their own chicken pitta breads with inspiration from India. Well done everyone!

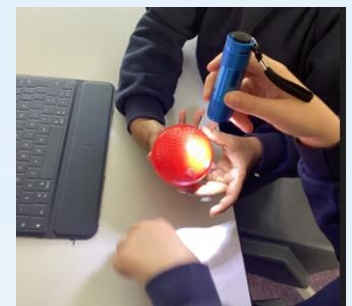

In 2KH Symons we have had a very busy week. We all did a fantastic job at sports day where we took part in a variety of different activities and some running races. After our Tudor day we learnt more about Henry VIII and his six wives. In DT we made chicken pitta breads. Yummy!

In year 3 Musgrave we have completed our writing based on a short film The Blue Umbrella. We have thought carefully about our characters and setting, using adjectives to add description. We also included metaphors and alliteration to make our writing more interesting to the reader.

In year 3 Emerson we have had a great week full of learning. We have enjoyed sports day and our culture day too. In science, we have focused on the topic of light. We have looked at how the earth orbits around the sun and how this makes it day or night.

In 4AP we had a surprise visit from some of the developers from Sumdog which caused a lot of excitement because they asked for our input in how they can develop the learning app further! The children had shown enthusiasm and experience using Sumdog which really impressed the developers.

Weekly learning update.....

This week in 4TB, we have enjoyed our Design and Technology lessons as we have been looking at cooking and nutrition. We have been looking at Oasis Mozambique as part of our learning and have explored traditional Mozambique cuisine. As a result, all the children made their own banana loafs inspired by a Mozambique recipe.

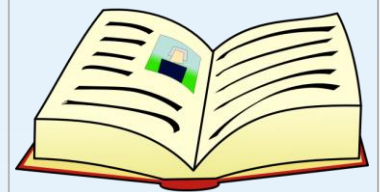

In 5SW this week, we have been completing our unit of DT based on food technology. We began the week by tasting different foods that are from Belgium. We then researched traditional Belgium cuisine and made food menus based on this. Then finally, we followed a recipe to make Belgian Buns!

This week in 5EW, we have relished in our Design and Technology lessons. Over the term, we have savoured lots of cooking, designing and tasting based on Oasis Belgium. We had the chance to taste a variety of traditional Belgium dishes such as the famous waffles! Children then designed a menu based on Belgium Cuisine. We then concluded with baking our own Belgian Buns! Delicious!

In Y6LK we have explored all the different features of biography by identifying the key areas of David Attenborough's biography. We have then created our own biography; all the children have produced an amazing piece of writing which we are so proud of! This week we have also competed in the year 5/6 sports day which all the children thoroughly enjoyed.

We have had a very busy week in 6JW. In writing, we have identified the features of a biography and chosen someone inspiring to us to create a biography about them. We really enjoyed sports day on Thursday, and it was great to see everyone cheering their teammates on. In DT, we have created an ingredients list and recipe for the scones we will be making next week. Finally, we are doing lots of practice for our 'Shakespeare Rocks' performance and we can see everyone becoming more confident the more we practice, and we can't wait to perform.
