RE: Staffing update

Dear Parent/Carer

We are writing to update you on staffing within our Leadership Team.

We would like to share that Mr. Gormal has been successful in gaining a promotion at a neighboring Academy Trust. This promotion is testament to Mr. Gormal's hard work and commitment to offer the best education possible to all the children that he serves. We will be looking to boost our Leadership structure as Mr. Gormal will be leaving us at the Easter break, we need to make some internal amendments to our teaching team to ensure we have this after the Easter break.

We need to call on our existing leaders to take on some of Mr. Gormal's responsibilities which will mean we have the capacity needed until we find a replacement for Mr. Gormal. With this in mind, we need to switch a couple of teaching staff to support this capacity.

The classes affected in the switch are Miss Hill's and Miss Sorour's. While we never like to move class teacher's midyear this is the only feasible solution. The switch will happen on Monday 18th March, with Miss Sorour moving to the Year 3 class and Miss Hill as Phonics Leader moving into Year 2. We hope as both teachers have taught most of these children last year there will be minimal disruption.

All children have been told today about the changes and about Mr. Gormal leaving us.

We appreciate your continued support. If you have any queries or questions, please do ask. There will be a class party in 2YS and 3KHill for the children to enjoy their last afternoon with staff before the switch.

Kind Regards
